

2011 Esprit 3600

2011 Esprit 3600 'Ocean Magic'

A very well built, roomy and comfortable catamaran with high load-carrying capability. This vessel is a modification of the popular and highly successful Prout Event catamaran, built by a professional ex prout boat builder in 2011. Cabins have ample headroom, there is a generous amount of storage space and interiors are stylish and well-finished. There are three double cabins and one heads compartment. This catamaran was designed to be spacious and can easily sleep 6 in 3 double cabins - ideal for extended cruising. The interior is in excellent condition, the vessel has the benefit of radiator heating throughout powered by a diesel boiler unit - great for spending long periods onboard in comfort.

Details

Builder: Top Cat (construction by ex-Prout boat builder)

Model: Esprit 3600 (Based on a modified Prout Event catamaran)

Year built: 2011

VAT status: Excluded, as built privately by the owner of Top Cat Yachts brand for his own use and sold in compliance with UK VAT legislation.
