

## 2012 Catana 47

**2012 Catana 47**

The **Catana 47** is a thoroughbred cruising catamaran, displaying uncommon strength and endurance in her capabilities. A proven, exceptional, blue-water multihull, designed for absolute comfort and safety at sea, without compromise. Constructed at the pioneering Catana shipyard in France, the 47 will take you where you need to go, with everything you might need once you arrive - and at speeds others can only wish for. Solid, secure, easy-to-handle, and a lot of fun in the process. An adventurers' dream, and room for the entire family of explorers!

Built in 2012, she has had just 2 private owners, with the current owner since late 2014. Continually maintained and upgraded, she has never been neglected and always given the appropriate attention. A real gem, ready to welcome a new chapter in her cruising life. The Catana's are truly unrivalled in their category.

*Note: VAT paid in the UK, the owner will accept GBP sterling at the going rate of exchange, at the time of sale (for any UK purchaser).*

### Equipment list

Type: **Catana 47 Carbon Infusion Catamaran**
