

2021 Privilege Signature 580

First born of the new generation of Privilege catamarans and thanks to the expertise of the architect Marc Lombard and Franck Darnet for the design, Vento takes up the codes which made the success of the shipyard Privilege Marine; the **Privilege SIGNATURE 580** has generous interior volumes, living space, great comfort, exceptional finishings in addition to excellent performance under sails and a behaviour at sea which cannot be praised highly enough.

Designed for long distance cruising, she has been used very little since her launch and always carefully maintained by a meticulous crew, she is as new and available immediately.
