

Catana 47 'Sulis'

2017 Catana 47 'Sulis'

CUSTOM CARBON Owner's version in 30th anniversary edition styling [#43] (3 cabins, 2 heads)

Vacuum infusion construction (Twaron® Impact process reinforced hulls, structural bulkheads in sandwich PVC foam and carbon, roof, floor plates, omegas, shroud chain plate areas and structure reinforcements).

By far and away the most immaculate **Catana 47** on the market today. Fully equipped and little used, she is absolutely like new throughout. It is doubtful you could tell the difference between this one and one fresh out of the factory. This unit represents a special opportunity to own a basically new 47, at a fraction of the cost. A very rare offering for sure.

An exceptional **Catana 47 (30th anniversary edition)**, launched 2017, in mint condition. We sold the boat from new to the current owners and it is a truly unique opportunity to own a recent Catana 47 at a very fair price. Absolutely the nicest example we have ever offered - 50 hours on the engines, and only 2 years old - but looking like she left the shipyard yesterday.

Special 30th anniversary edition specification, with the following extras included:*

1. SAILS

Reinforced sails, Incidences

86 m² full batten high roach Mainsail upgraded to Hydranet, radial reinforcements, horizontal cut, 3 reefs
