

Catana 50 [4 cabin version]

CATANA 50

Built 12/2008
VAT not paid

One of the most popular Catana models historically, the spacious and capable C50 is built to take anywhere in the world in supreme comfort and all conditions. This Catana 50 could do with some basic TLC in order to bring her back to her former glory, but is a well-equipped and sound vessel, a fine example of these excellent blue-water performance cruisers.
