

## Velum 72

**LORD DICKIE** is a fantastic ocean going fast, light and simple cruising catamaran. She is from the series of the Velum 72 models.

The **VELUM 72** is a high standard cruising catamaran. She has been designed with safety, comfort and performance in mind for ocean going cruising and offshore racing. The accommodation are comfortable and simple. Each hull has one double bed cabin, one single bed cabin and one bathroom. The saloon, the kitchen and the chart table have been centralized in the nacelle with an aggressive look. The hulls are built in strip-planking, the centerpieces like the beams are carbon sandwich. The mast and boom are also carbon. She is classy and her classic aesthetic is timeless, while many innovations make it unique in the multihull market.
